

5<sup>th</sup> January 2021

### **Home Learning Expectations**

Dear Parents and Carers,

We are writing to outline home learning expectations over the next few days and coming weeks.

Tomorrow, Tuesday 6<sup>th</sup> January we will begin home learning at 9am for all children working at home. They will be invited to attend an online meeting with their teachers via google classroom, to explain how learning is going to happen, how work will be set and submitted back to school, and how you can support children with their learning too.

Learning will then commence with an online timetable being made available on Google Classroom, as well as on the website, in order to ensure parents and children can plan their week of learning in advance.

Each day, children will be expected to attend one live English/Phonics lesson and one live Mathematics lesson led by their teachers. These lessons will run between 9am and 1pm. You will be able to find out the time for your child's English and Mathematics lesson, on your child's Google Classroom platform. There will be follow up activities after each live lesson that children will be required to complete and submit via google classroom. Over the week, school staff will give children feedback on their submitted work.

During the afternoons, there will be planned active learning and wider curriculum sessions uploaded onto Google Classroom, e.g. History, Topic, Science, Music RE etc. Children should submit all their work via Google Classroom.

If you are struggling to access Google Classroom platform, a member of your child's Year group staff team will be in touch to offer support.

The timings for each lesson will be available on Google Classroom this evening.

Kind Regards

*Becky Smith*
