Dear Parents/Carers,

**RE: Critical Worker Childcare Places**

We are still trying our very best to allocate school places to as many Critical Workers as possible. We have approximately 50 children still waiting for any availability throughout the week, even if this is just one or two days.

Therefore, please can we ask you, that if there are any days that there is an adult at home, not working, we would ask you not to send your child into school.

To enable us to be able to offer more critical worker places , please email the School Office on [office@stmichaelschurchool.co.uk](mailto:office@stmichaelschurchool.co.uk) by midday on a Friday detailing which days you need childcare for the week ahead. You will not lose your child's place, this simply allows us to offer more places when you do not need childcare. This in turn means we are able to support as many critical workers as possible.

Thank you for your support in this matter.

Kind Regards,

*B Smith*
