2nd July 2026

Dear Parents and Carers,

Ahead of next week, as temperatures are forecast to once again be in the high 20's early 30's, we wanted to reassure you that we are monitoring the weather conditions closely and keeping the wellbeing of all pupils and staff at the forefront of our planning.

With both our School Disco (Tuesday 7th July) and Sports Day (Thursday 9th July) scheduled to take place next week, we will be reviewing all relevant risk assessments in light of the latest weather forecasts. This will help us determine whether any additional control measures are required to ensure that these events can proceed safely. Currently, the forecasts are shifting in favour of cooler weather, which gives us hope that these events will indeed be able to go ahead.

At this stage, no changes have been made to the planned arrangements. However, should temperatures reach levels that make participation unsafe, we may need to adapt, postpone or, as a last resort, cancel an event. Any decisions will be made following careful consideration of the risks and will be communicated to families as soon as possible.

In the meantime, we ask that children continue to come to school prepared for warm weather by bringing:

- A named water bottle
- A sun hat or cap
- Sunscreen applied before school (where appropriate)

Thank you for your understanding and support. We will continue to keep a close eye on conditions and will provide further updates as necessary.

Warm regards,

Mrs H Daulton
